

Requests for Cathedral Endorsement or Support

St. Paul's Cathedral, San Diego

September 23, 2020

The following are guidelines for proposals requesting that the Cathedral endorse or publicly show support for an issue or event. Nothing in this process is intended to inhibit any individual clergy, staff or member from expressing a personal commitment to a position.

A request, in keeping with our *Principles for Social Justice*, will:

1. Describe generally the issue being presented.
2. Summarize any relevant positions of The Episcopal Church.
3. Describe any research that was collected and examined relevant to the specific issue and attach same.
4. If funding is required, specify the amount and source.
5. As appropriate, include information on other individuals or organizations sought for endorsement.

A request should first be sent to the relevant committee, whose recommendation will be presented to the Dean and Wardens. As deemed appropriate by the Dean and Wardens, the request may be submitted to the Chapter for consideration.
